PAT AND GINGER BAUMANN

While attending a back country revival, Pat and his wife Ginger, were baptized in the Holy Spirit. At that instant, their lives, goals and priorities changed forever. Increased hunger for the Lord resulted in their attending numerous Bible classes, conferences and revivals. Teaching, preaching, and serving the Lord became their passion. They've held numerous leadership and ministerial roles in several congregations during the past 13 years.

"We are honored to serve as God's hands and His mouthpiece. Our prayer is that people see Him through us and... that we always follow His lead."

Pat's Sermon Preview:

God has an uncommon and special plan for your life. The Bible teaches us about special people God chose to get His work done - and YOU are a part of His intent. Answer this: Are you a peculiar person with a purpose and a mission? Think about it...

PASTOR JEREMY GATES

Sermon Preview:

After 27 years of being married and after raising and homeschooling our daughter, I've learned one thing: many think we're weird!! We aren't normal. What does that mean? I look forward to exploring the answers, and much more, as we dive into Scripture and see the joys of being Peculiar People with a Purpose in our Families!

LIFE COACH JACKIE DIGHANS

What if we could live in a way that the supernatural seemed more real than our natural circumstances? What if believing God's Word, over what we see in our lives, could change everything?
